CODE OF CONDUCT FOR PATIENTS

The Management and Health care personnel of GDC&H are committed to ensuring timely Dental care and treatment to all patients during the clinic hours from 9.a.m to 3.30 p.m on all working days except Sundays and Public Holidays.

However, due to the number of new patients and the appointments scheduled for old patients, the waiting time for getting Dental treatment might get a bit prolonged. Patients are requested to cooperate by adhering to the following:

- 1) Be cooperative with the Dental Assistants, Students, Interns and other Dental health care professionals.
- 2) Be patient and wait for your turn for treatment.
- 3) Kindly communicate freely and with clarity about your Dental problems and enquire about various options and cost of treatment.
- 4) Be prompt with appointments. Missing appointments could lead to delay in treatment and repeated instances could adversely affect outcome of treatment.
